

# 50 OVER YEARS EXPERIENCE

## MAKING PRODUCTS FOR INDUSTRY

### ***GAGNE, INC. CAN REDUCE YOUR COST OF MECHANICAL ASSEMBLY!***

GAGNE is a US manufacturer with over 50 years experience designing and manufacturing products for a wide spectrum of industries including machinery and industrial equipment, military, and aerospace. You know us for protective cover design and manufacture, couplings, back lighting and custom conveyor products. We do, however, much more!

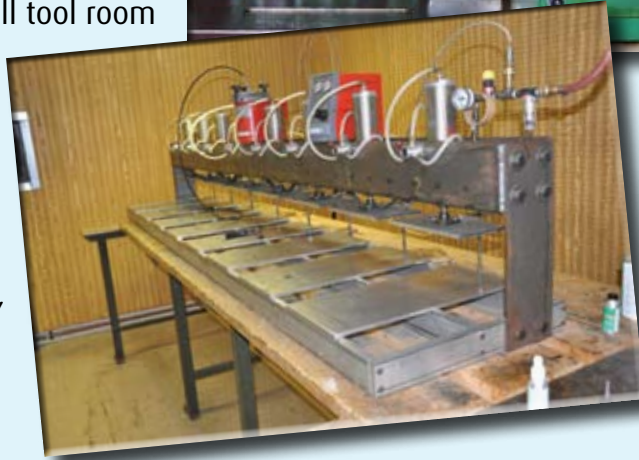

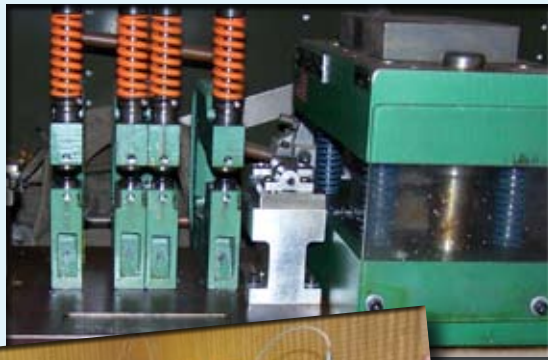

### **GAGNE, INC. EXPANDS CONTRACT MANUFACTURING & MECHANICAL ASSEMBLY SERVICES**

## ***BUT DID YOU KNOW...?***

We provide a wide variety of value added services for our customers. We have the capabilities and equipment for the highest-quality precision manufacturing in a modern 40,000 square foot facility. RF sealing machines, stitching equipment, a full wood shop, brake presses and a full tool room are on premise to meet your needs. Engineering services are also available.

Our skilled and cost effective labor pool has experience in tool design, cutting/slitting, stitching, RF and metal welding, injection and vacuum molding, wood working, lighting, adhesives, fabrication, and metal parts. We can adapt to prototype or production runs.

## ***OUR QUALITY IS HIGH, OUR PRICES FAIR AND OUR CUSTOMERS COME FIRST!!***

With our experience, a wide range of materials and processes such as polyurethane, neoprene, Teflon, PVC, stainless steel, powder coating, plating or welding can be incorporated into your design.

Our loyal and diverse customers stay with us. Some have been with us for over 40 years. Our quality is high, our prices are fair, and our customers' needs are our first priority.

Please send your assembly designs or concepts today for a free quote, and we will save you money!
